TOTAL	13	

- If you are interested in working with students with ambulatory disabilities as a career or volunteer experience, then the Paralympic Sports Certificate is for you.
- If you are a Kinesiology major with a concentration in Exercise Science, many of the classes can count as approved KIN elective courses, so this certificate can easily be incorporated within your Exercise Science concentration.
- If you are not a Kinesiology major, this certificate will allow you to gain hands-on experience in the Paralympic sports field through the included internship.
